

Stewart-Marchman-ACT Behavioral Healthcare Project WARM Baskets & Ice Cream

Agency Description: SMA Behavioral Health Services, Inc. exists to promote good mental health and to improve the quality of life for individuals and families affected by mental illness, substance abuse, addictions and delinquency by providing superior prevention, intervention, crisis stabilization, education and treatment services. The Corporation offers these services to all persons, regardless of age, race, financial status or other criteria at its facilities in various locations in Northeast Florida.

Areas Served: Flagler and Volusia

Project Information

Description: Put together care baskets of needed items for the children at Project WARM (Women Assisting Recovering Mothers). Deliver the items and throw an ice cream social (or similar) for the moms and babies on Make a Difference Day. Needed items include diapers, wipes, formula, bottles, blankets, strollers, crib sheets, newborn clothes, and recreation funds. The recreation funds provide an opportunity for mom and baby outings, like bowling, baseball games, movies, ice cream, or pizza parties. We chose this project because these items are always in need and greatly appreciated. Delivering them yourself and having small social with the women and children allows you to literally see the impact your donations have.

Who will benefit: The projects will benefit the 20 women and 12 children currently of Project WARM, which is a long-term residential treatment facility for women recovering from addiction who are pregnant, post-partum, or new mothers. Their children under five years of age can live with them.

Long Term Impact: The reusable items from this project will benefit the 50 mothers and approximately 30 babies we expect to help in the coming year (and each year afterward!).
